

This Week's Comedy Of Errors -- And Triumphs

Names in the news this week took a turn to comedy, tragedy and commendation.

COMEDY

Ace laugh came out of Junipero Serra hospital, Sunday night. State Highway Patrolman Harold Varni cited a motorist for possible drunken driving and took the youth, his girl-friend and car into custody.

Patrolman Varni brought the driver to Junipero Serra hospital for a sobriety test. The young man immediately demanded leave to go to the rest room. Officer Varni sat outside waiting for his prisoner. Five, ten, fifteen minutes passed. Varni tried the men's room door. It was locked, and absolute silence met his command to unlock the door. Finally the patrolman forced the door to find that his prisoner was a free man via an open window and cabbage patch back of the hospital.

About-town friends of Patrolman Varni furnished the anticlimax. Varni chivalrously provided the motorist's girl-friend with car fare home and impounded the auto in a local garage.

Moral: Watch your man and you won't have to take care of his girl-friend.

TRAGEDY

Tragedy came this week to a San Franciscan who allegedly dumped junk near Junipero Serra boulevard and Westlake avenue in a prohibited area. Local officials apprehended the offender and ordered him to burn the junk and waste material he had dumped, according to our men.

The San Franciscan went to a service station for gas to throw on the junk he had dumped in order to burn it. On returning he spilled gas in his car. It caught fire and the automobile burned.

Moral: Don't dump where there are "NO DUMPING" signs, or great shall be your punishment.

RECOGNITION

Two weeks ago Daly City theater acquired a new manager in Henry Combe, which fact was properly publicized in this newspaper. Our men tell us that with Combe also came a new assistant manager, Tom Barlow, and that Tom claims to be the "forgotten man" because his arrival in this

COUNTY NEWS

Specialists Oppose Sanitarium Deal

A recommendation against the proposed purchase by San Mateo county of the Canyon sanitarium was dropped in the laps of the supervisors, last week, by their own investigating committee composed of three tuberculosis specialists of adjacent counties.

In the opinion of the specialists the Canyon sanitarium is not at present in a condition to properly accommodate tubercular patients. Soundness of the investment of taxpayers' money was questioned since the sanitarium would have to be remodeled and duplicate maintenance costs throughout the years would have to be paid since the county already has the hospital plant at Beresford. Furthermore, their opinion continued care of patients would be no better than it is now.

The specialists—Dr. E. A. Schaper, superintendent of San Francisco—

Speed Improvement Work At Vista Park For Dedication Ceremonies, June 8

Under the direction of Councilman Edmund Cavagnaro, head of the Parks and Playgrounds commission, improvement work on Vista Grande park is nearing completion. It will be ready by June 8, when the park dedication ceremonies will take place.

Eight extra men are at work at the park. The grandstand is nearly completed. A flagpole, 55 feet tall, has been erected. The baseball backstop is ready.

The grounds are in fine condition, according to Arthur Bodien, superintendent of the Water department.

"I would say it's better than the diamond at Seal's stadium," he said.

The dedication, in which both Acton park and Vista Grande park will be re-named, is scheduled for June 8. Old-timers will at the same time be honored. These

Here's drama for you! Bedridden and overcome with smoke in a burning house, Mrs. Charles Schoenfeld, shown above, was carried on a stretcher from her home, 250 Willits street, Friday, by members of the Daly City police and fire departments.

Rushed to safety across the street in a neighbor's house, she revived under treatment. She was not hurt. The fire started in the basement of her home.

At a special meeting, Monday night, the Daly City council passed an ordinance annexing Block 10, Abbey homestead, near the intersection of Thiers and Abbey streets.

Car Near Golf Course Breaks Into Flames

Men of the Daly City Water department and Fire Companies No. 1 and 3 extinguished the flames of a blazing automobile near the Lake Merced golf course, Monday morning.

Owner of the car was Anders Olson Fields, San Francisco. The local departments used chemicals and sand to put out the fire. The alarm was turned in by Charles Hook, executive at the golf course. Cause of the fire is not known.

Fire Fighters Save Woman's Life

Members of the Daly City fire and water departments helped save a woman's life last week.

Mrs. Charles Schoenfeld, bedridden, was caught in her burning home, early Friday afternoon. The fire started when some burning cardboard boxes, taken from the stove, were thrown in the backyard and blown about by the wind.

First aid men William Brush, and John Koper, both of Co. No. 1, and three police officers, Sergeant W. W. Sunderland, H. Sundermann jr., and Rico Benedetti, helped carry Mrs. Schoenfeld a-

Jeff Pageant Draws Huge Crowd

Daly City is still talking about the unprecedented success of the amateur "Aquacade" given by Jefferson Union high school, Thursday, at the high school pool.

The crowds were so big that, instead of the originally planned single performance, three were given, one in the afternoon, and two at night. According to Miss Ella Redkey, the swimming show will probably become an annual event.

Attendance altogether was 1,080, with more than a hundred turned (Continued on Page 5)

Announce Program For Memorial Day Ceremonies

Hundreds of marching feet! The blare of bands, and the flash of banners! These are in store for Daly City people Friday, May 30, when the long-planned, much-anticipated Memorial Day parade gets under way behind leader James G. Reardon, chief of police.

Announcement has been made by B. J. Sendner, chairman of Old Glory Post No. 2044, V. F. W., in charge of arrangements, that the order of parade units has been fixed.

Reardon has stressed the necessity for all units, especially those in the first section, to be at their proper corner at 9:30 a. m.

"We wish to insure our getting off at 10 a. m. sharp," he said.

The first section will meet at the corner of Huron and Mission. Following the police chief will be the city and county private cars. Next will come the Daly City veteran fire department and the old equipment, followed by the regular fire department with their new apparatus.

The order of the remaining portion of the first section is as follows:

Daly City Band; Ruth June Holton, V. F. W. champion drum majorette; massed colors; Old Glory Post No. 2044 degree team; Warehouse Union drum corps; Old Glory Auxiliary No. 2044 drill team; Daughters' unit, Old Glory Auxiliary, Junior girls' team; V. F. W. Veterans; American Legion; Sons of the American Legion.

The second section meets at Leiby and Mission, also at 9:30 a. m. Its line of march is as follows:

DRAFT

Clarify Marriage Deferral Plan

Marriage doesn't automatically place men in Class III under the Selective Service Act.

This point has been clarified by a federal communication to all draft boards. Many boards, according to Mrs. Isabelle Flynn, clerk of the local board, have been placing all married men in Class III, which includes those deferred because of dependents.

The federal government has indicated that only those married men whose wives are not self-supporting will be placed in Class III. Confusion on this point has made clarification necessary.

Those boards which have indiscriminately included all married men in this class will be obliged to go through their files and reclassify those with self-supporting wives.

The local board has been investigating the case of each married man sent a questionnaire, so reclassification will be unnecessary here.

The next draft call, the ninth, was announced to be June 4. Five men will be taken from the local district.

"THE THUNDERBOLT" ON DISPLAY HERE

On the final lap of a nation-wide tour, a radically new Chrysler special model coupe, known as the Thunderbolt, will be on display at the showrooms of A. L. Timossi, Mission Auto company, Chrysler-Plymouth dealer here, located at 6465 Mission street, Wednesday, May 28, 9 a. m. to 2 p. m. Called the "Car of the Future," the Thunderbolt has created a sensation wherever it has been exhibited, and special arrangements were made in the showrooms of Mission Auto company to accommodate the large crowds of people who will be interested in seeing this latest and most sensational development of aerodynamic design, according to Timossi.

"In this car," said Timossi, "Chrysler corporation engineers see a forecast of the future motor car and a new milestone in the history of aerodynamic and 'fashioned-by-function' design. The design is the result of a collaboration between Ralph Roberts and Chrysler engineers. Robert's work has influenced motor car design for twenty years all over the world.

"The development of racing cars had a large influence on the design of Chrysler's latest example of advanced aerodynamics," continued Timossi. "Chrysler engineers have followed the progress of these record-setting machines very closely for the last fifteen years and have learned from them the importance of body design in increasing speed, roadability and handling ease.

In the Thunderbolt, it is pointed out by Chrysler engineers, efficiency and beauty go hand in hand. The full-width, sleek-sided body is a radical departure in pleasure car design. The low, broad hood cuts down frontal resistance and the smooth-swept surfaces of front and rear, the flush glass and curved, sloping one-piece windshield and the absence of running boards reduce turbulence when the car is in motion.

Chrome is used only to give emphasis to functional lines and there is an entire absence of "gimcracks" and gingerbread work. There is a notable lack of bulges, ribs, corrugations and other devices that have no part in functional design. Broadness of beam in this car means great interior roominess.

A unique feature of the Thunderbolt is that it has a steel top which completely disappears at the touch of a button. This is a radical advance in design since

the owner has the choice of riding in an open or closed car and at the same time be provided with all of the safety of steel top construction. A single button controls the raising and lowering of the top. Automatic push buttons also control the raising and lowering of the window glasses on the Thunderbolt.

Headlamps on the Thunderbolt have retractable lids and a perfectly fixed mounting. The lamp unit is the regular Sealed Beam unit but the lamps are mounted in the front fenders in a thoroughly streamlined fashion. Further streamlining is evidenced by the fact that every accessory on the Thunderbolt body is in-built. License plates are mounted under glass and doors open at a touch of a button.

The design of the Thunderbolt instrument panel is thoroughly in keeping with the custom body appearance of the rest of the car. The instrument board is leather covered while against this leather background are set round etched dials of lucite. These dials are "edge lit," that is to say, lighted indirectly. Roberts, who styled the Thunderbolt, derived the idea and feeling of this instrumentation from the most beautiful instrument design he had ever seen

Crocker P. T. A. Installs Officers

Last Tuesday marked the end of the year for Mrs. Hazel Cassasa, as president of Crocker P. T. A., and the beginning for Mrs. Olga Bordson, at the installation of officers held at Crocker school that day. Mrs. George Bruns, Burlingame, president of Seventeenth district C. C. P. T., was installing officer. She directed the beautiful candle lighting ceremony. As each officer was given her instructions she was given a colored candle to light, each color having a special meaning in connection with the work to be done by that officer.

Each officer was presented with a gardenia after she had lighted her candle, and Mrs. Bordson received a lovely bouquet of red roses from the unit, presented by Mrs. Cassasa.

Mrs. Florence Thorsen, emblem chairman, presented Mrs. Cassasa with her Past President's pin, and Mrs. Orvilla Pauw presented her with a gift from the members, a beautiful console set for flowers, complete with figurine and looking glass.

The installation was preceded by the annual luncheon at which fifty members and guests were served. Guests of honor were incoming and retiring presidents from General Pershing, Woodrow Wilson, Colma, and Jefferson Union High School P. T. A. units, Mrs. George Bruns, president Seventeenth district, C. C. P. T., R. L. Crane jr., superintendent of the Jefferson school district, Mrs. Mary Crane, and the teachers of Crocker school.

Officers installed were president, Mrs. Olga Bordson; vice-president, Mrs. Emma D'Isep; honorary vice-president, Miss Aileen Suber; recording secretary, Mrs. Mildred Seiler; corresponding secretary, Mrs. Julia V. Jordan; financial secretary, Mrs. Vivian Pahlka; treasurer, Mrs. Nell Caine; historian, Mrs. Eva Hobbs; auditor, Mrs. Otha Kinsey, and parliamentarian, Mrs. Cassasa.

Mrs. Bordson and Mrs. D'Isep read excellent reports of the annual convention of Seventeenth district which was held in Burlingame in April. Mrs. D'Isep represented Crocker at the installation of officers of the district, Friday. Mrs. Eva Hobbs was hostess to the Sew and Sew club on Tuesday, May 20.

Jeff High School PTA To Install Officers

Newly elected officers of Jefferson Union High School P. T. A. will be installed this afternoon at the high school little theatre. The ceremony will be held jointly with members of the Sharp Park P. T. A. Mrs. Ruby Ralston will be installing officer.

The executive board met at the home of Mrs. Georgia Busch, 499 Woodrow street, last Wednesday afternoon. After refreshments had been served, a short business session was held. Later, members and friends enjoyed an afternoon of whist.

A GARDEN PICNIC IS FUN

... and can be easy to prepare and to serve

says Dorothy Greig

THE urge to eat outdoors under the open sky is all part of the good old summer time. But searching out the perfect picnic spot miles from home does loom up as something of a problem.

Casserole of Pork and Beans and Spiced Ham is an easy-to-prepare and most delicious dish for an outdoor meal.

So we'll just picnic in our own garden, thank you. It's outdoors, as pleasant a place as ever we will see—and there's no wrestling with traffic to get there.

For a garden supper plan on simple food, but food full of flavor and substantial enough to satisfy keen appetites. Eating outdoors sharpens appetites, you know. For instance—

*Casserole of Pork and Beans with Spiced Ham

*Cheese Tomato Sandwich

Mixed Vegetable Salad

Assorted Fresh Fruit

Hot Coffee

*Casserole of Pork and Beans and Spiced Ham

2 cans (16 ozs.) pork and beans
1 can (12 ozs.) canned spiced ham
6 tablespoons brown sugar
1/2 teaspoon ground cloves
2 teaspoons butter

Empty 1 can of pork and beans into a casserole. Slice the canned spiced ham in thin slices and arrange half of it on top of the beans.

Combine the sugar and ground cloves and sprinkle half of it over the ham. Make the second layer just like the first and dot on top with the butter. Bake in a moderately hot oven (375° F.) for 45 minutes to 1 hour. Serves 6-8.

*Cheese Tomato Sandwich

1/2 cup condensed tomato soup
1/2 pound grated cheese
1 egg
3 tablespoons mayonnaise

Combine tomato soup and grated cheese and heat in a double boiler until the cheese is just melted. Add the slightly beaten egg gradually and cook 3-4 minutes. Remove from fire and pour into shallow plate to cool. When cool add mayonnaise and mix well. Store in the refrigerator until firm. Makes 8-10 sandwiches. This filling keeps very well.

To make sandwiches:—1. Spread each slice of bread with Cheese Tomato Spread and then put together.

2. Or spread each slice of bread with Cheese Tomato Spread and then put crisp bacon or slices of ham between sandwich slices.

Silver Lining

War has a silver lining for 84,000 who were on relief last winter in St. John's, Newfoundland. Its great newsprint and its wood-pulp and mine-prop industries have been revived with the closing of the Baltic. Iron, lead, and zinc mines are again operating, while enlistments in the navy, army and civilian forestry corps have also helped to reduce unemployment.

CLASS PAPERS

"The Heralds" are out! Stories, poems, riddles, humor, art masterpieces, all from actual class room work are combined in seven individual classroom papers.

Enthusiasm ran high as students excitedly had classmates autograph their classroom papers. There was a definite curriculum theme influence in each paper. The graduating class dedicated its cover to the operetta. Music, social science, radio and nature study were some of the units around which the papers were centered. Master copies, with the exception of typewritten material, were cut by students themselves under teacher supervision.

Those acting as editors of the papers were: Richard Lund, Room 5; Hugh Llewellyn, Room 4; Tulio Picchi, Room 8; Barbara Whitsett, Room 9; Herbert Fensin, Room 12; Donald Evans, Room 14; Billy Basso, Room 15.

ROOMS 4 AND 5

"Life on the Desert" and "Making Money" were two films shown to the pupils of Room 4 and 5, last week.

"Life on the Desert" depicted the flora and fauna existing in the region between the Rocky and the Sierra Nevada mountains. The various processes involved in making money from bullion to the finished coin were the interesting activities shown in the second picture.

ROOM 8

Students of Room 8 are taking an active interest in writing and presenting radio plays. John Jansen, the sound effect operator, and Eugene Moody, the announcer, have arranged a weekly program for the class.

"A visit to Dr. Jim," an original play written by Beatrice Seidel and Mary Curtis, was presented, last Friday. Composing the cast were Hazel Hendrickson, Glen Wilkes, Alfred Moody, Robert Plyer and Irene Gabriellini.

ROOM 9

Room 9 has completed and distributed its class room paper, "The Herald." There were a number of children who were responsible for specific duties that were essential in the making of the paper. Those students that helped were: Barbara Whitsett, editor; Keith

Claussen and Gerald Gigli, assistant editors. Circulation managers were Margaret Morgan and Kenneth Bradshaw. Composing the editorial staff were: Clifford Job, Esther Morgan, Lorraine Sander, Eloise Harrison, Rodney Duff, Russel Laidlaw, Winifred Evar and Jimmy Pedersen.

At Crocker School

ROOM 1

The Crocker mixed double handball tournament was ended last Thursday morning.

The winners were Irene Anderson and Harold Mount, who defeated Louis Rich and Donald Welsh. The scores were 12-13, 13-8 and 13-12.

ROOM 2

After discussing the part wild animals played in the lives of early Americans, pupils of Room 2 became interested in the study of animal life. Information was gathered from books on wild animals of North America, and reports were given.

An excursion to the Academy of Science, in Golden Gate park, was enjoyed by the students, May 6. While there, they viewed the exhibits of wild animals.

ROOM 3

Fascinating stories of Ancient Greece were related to the children of Room 3 by the pupils. This information was gathered from pictures and myths of Greece. Included in these reports were the legends of the Iliad and the Odyssey.

ROOM 4

The pupils of the high fifth and low sixth grades visited the Homestead bakery, last Wednesday afternoon.

This trip culminated their unit of social study, "Farming Through the Ages."

At Jefferson Grammar School

Pupils of the sixth, seventh and eighth grades participated in a patriotic program entitled "I Am an American," last week. An interesting and impressive speech stressing how fortunate we are to be "Americans" was given by Helen Capps, class president.

After the introduction, the program continued with a recitation (Continued on Page 10)

Yes, Sir! Friday Night's The Time

"Hurry! Hurry! Buy your tickets today for the big benefit whist, Friday evening, for cubs and scouts of Boy Scout Group 101," urged committee members. Plans are all complete and a gala evening is promised everyone. The event will be held at Theatre hall at 8 p. m.

Scoutmaster Frank Coughlin pointed out that this whist is held only once each year. "Everyone's invited," he said. There will be a cash door prize and numerous other awards.

A number of the members of Boy Scout Troop No. 101 will participate in the camporee, Saturday and Sunday, at McLaren park. Scoutmaster Coughlin will accompany them. Scouts from the entire San Francisco area will attend the camporee.

away. Ernie Smith, well-known west coast sports announcer and commentator, had words of high praise for the show on his nightly radio broadcast over KYA at 7 p. m.

He said, "I wish I could have had the board of education go out with me this afternoon to Jefferson Union high school swimming pool and see what has been accomplished through a harmonized board working in conjunction with the high school principal. Jefferson Union high school has a swimming pool that is the envy of the whole Peninsula. San Francisco schools have nothing to compare with it. I want the San Francisco board to meet the board of trustees of Jefferson Union high school district, so that they may find out how to do things."

The swim show ended with a surprise. The swimmers came in with flutter boards and formed a huge flag, while the orchestra played "God Bless America."

The swimming was under the direction of members of the physical education departments. In charge of music was Dante Lembi; of decorations, Durant Moseley; of dramatics, Sigfred Hansen; of programs, Miss Marjorie Robinson.

Saturday night, at the theater Tom got his "break" as grocery clerk on the stage at Eddie's new "RUBE ADVERSHOW." Tom's break included totting a big sack full of potatoes, and one-hundred pounds of spuds ain't peanuts in any man's language.

Such a feat deserves publicity. Herewith we deliver Tom his rightful place in the sun.

Moral: If you want publicity you've got to work for it!

(Incidentally on our recommendation get around to see Eddie's new adbershow with fast moving entertainment, riotous stunts, and free "groceries.")

COMMENDATION

Stan Crane and Frank Bushnell, ambulance crew for Junipero Serra hospital, Sunday, were under the complimentary gun of Captain C. A. Berndtson, skipper of the Matson Liner Lurline, and the ship's Purser R. M. Winn.

Crane and Bushnell were charged with the responsibility of putting aboard Miss Pauline Dye who had a leg amputated following an auto accident on Skyline boulevard, last summer. Miss Dye had been confined to Junipero Serra hospital for ten months and was to return to her home in Hawaii on the Lurline.

Captain Berndtson and Purser Winn complimented Crane and Bushnell on their efficiency and grand manner in seeing Miss Dye off.

Moral: Compliments come to those who do things well!

Their report, which is in direct contradiction to findings of Health Director Dr. Gans, who painted a favorable picture of the Canyon proposition, was disclosed at a hastily called meeting of the supervisors.

More meetings are scheduled this week to consider the Canyon sanitarium deal.

I LOVE MY WIFE, BUT OH! YOU STRAWBERRY BLONDE! Jimmy Cagney as the naughty boy of the nineties just can't make up his mind whether it's sweet Olivia de Havilland or siren Rita Hayworth he's in love with in "The Strawberry Blonde" coming to the Daly City theatre, tomorrow.

Falling Stone Injures Foot Of Workman

A glancing blow on the foot by a falling 150-pound stone put Albert Johnson, 1158 Brunswick street, temporarily in Junipero Serra hospital, Sunday.

An X-ray showed that the injury was limited to bruises. Johnson was working at Laurel Hill cemetery when the accident happened.

Cagney Stars In New Picture Coming To Daly City

Jimmy Cagney, who put the roar in the "Roaring Twenties," is now bowling them over as a bad boy of the Naughty Nineties in Warner Bros.' "The Strawberry Blonde," which will make its local debut at the Daly City theatre tomorrow evening. Cast with Cagney and decked out in their best bustles are lovely Olivia de Havilland and demure Rita Hayworth.

When those two honeys start to vie for Cagney's affections they prove that times may change but love is love whether it be in the Golden Nineties or the Flip-pant Forties.

"Strawberry Blonde" captures all the charm and quaintness of the mauve decade. The customs, songs and jokes of that era make a delightful background to a warm drama.

Alan Hale and George Tobias round out the talented cast by supplying plenty of laughs to the film.

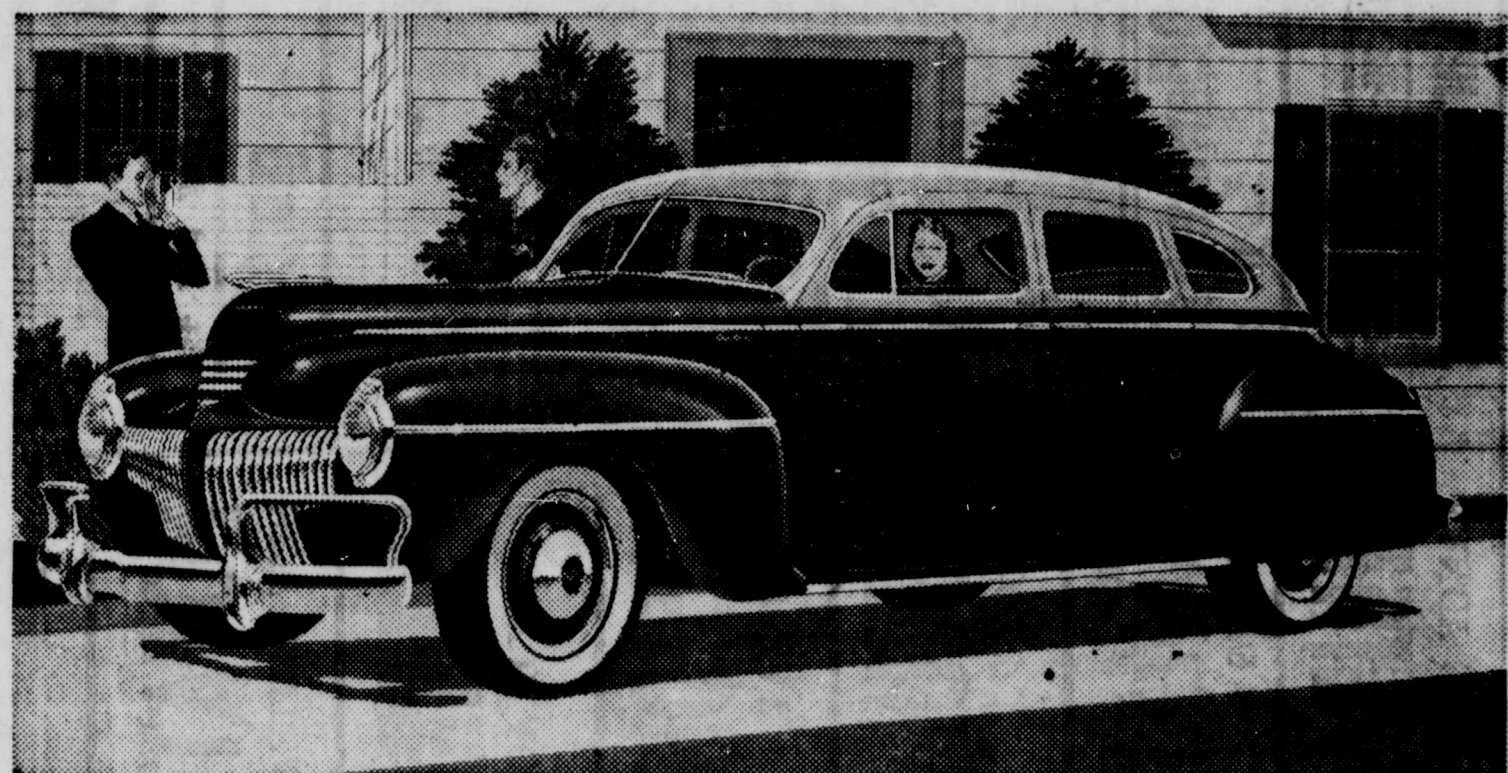

Companion feature on the new bill will be "Honeymoon for Three," starring George Brent and Ann Sheridan.

Chinese Secret Societies
Police raids on two big meetings in a Canton, China, cemetery resulted in the arrest of nearly 100 Chinese who were suspected of being members of illegal secret societies. The societies hold their meetings at the grave of one of their slain members.

FANCY STRAWBERRY

My Week

by Eleanor Roosevelt

A Happy Family

In Seattle on my daughter's birthday and we celebrated by having a completely family day. At breakfast she was given a few presents and then her two eldest children presented her with the nicest possible gift. With the aid of their music teacher, they had each made recordings wishing her a happy birthday and playing two complete pieces on the piano for her.

At noon, to everybody's joy, we went off on the boat for a picnic lunch. I was told with great enthusiasm, that the cooking would be done by the gentlemen of the family, who would give us fried egg sandwiches. They proved excellent and the sun shone and we had a marvelous time. We returned early enough to play a while with Johnny, so he would not be disappointed. Then we had a birthday dinner with the necessary cake and candles. Thus ended a happy day.

The evening before my son-in-law showed Miss Thompson and me some of the movies taken of the inauguration in January and at various times when we have been out here. They will be a wonderful record for the children when they are grown.

MILITARY AIRCRAFT

The next morning we went down to the Boeing Aircraft factory. This was my first view of four-motored bombers. They also make smaller two-motored military aircraft, but I did not see any of them finished. One order of bombers was just completed, and the machines on the floor were there for modernization.

That seems to be one trouble with building military aircraft when a war is going on. In actual use, weaknesses of design or of armament are discovered and inventors try to find new ways of correcting them. This means that machines that have been out for a year, or even less, have to return for drastic changes.

This is a tremendous plant, covering an area which seemed at least a mile long as we walked around it. I was interested to find some women sewing in one section. They still do it better than men.

I never leave my family in Seattle without real regret, but I had to go. This was a rather longer visit than usual and we did more things which were not purely part of a family reunion.

Before leaving, I went to see some of the National Youth administra-

tion work. Their resident project here is not as yet finished, but they have some defense training similar to that going on in various places. I had some difficulty getting clear in my mind the various types of training which I had seen. That which is being done under the Apprenticeship Council and in collaboration with the Edison Vocational School, is under the Smith-Hughes act and has nothing to do with defense training.

Defense training is being carried on in three other vocational high schools. As in other places, they must take 50 per cent of the people to be retrained from the WPA program. I was told there had been some difficulty here because so many of their WPA people never had a skill. The other 50 per cent in this defense training program are either employed and coming in for refresher courses, or young people from NYA who can qualify, or from some other qualified source.

WPA CUTS

I think it is safe to say that cuts in WPA everywhere in the country are affecting adversely the married or single woman who is the breadwinner for her family. In many cases a really serious condition is being brought about. The whole question of WPA cuts should have some careful revision and consideration. People removed from WPA and who still cannot find work, go on relief, with an increased burden on the locality and a loss of self-respect to the individual.

In addition to this just now, I think there is on the part of many of the women a great sense of injustice. In the case of NYA, the quota everywhere continues to be filled, because all eligible young people were never on NYA in the past.

Now I want to talk to you for a little while on the subject which has long been on my mind, namely: the improvement in our schools of physical education, instruction and guidance in healthful living, a wider recreational use of school facilities and the development of school camps. All these purposes are gathered together in a bill sponsored by Mr. Pius L. Schwert, a member of congress from the Forty-second district from New York state.

He suggests the appropriation of certain sums of money to be distributed to the various states for these purposes. I hope that in New York state this summer there will be some camps for high school students under the guidance of the school system. I feel that the draft is proving to us that our young people are not receiving proper medical care or adequate diet for the best possible physical development and the schools can do much to improve the situation.

Legion Announces Free Picnic, June 22

Get ready to enjoy yourself! There's going to be a free picnic. Daly City Post and Auxiliary No. 410, American Legion, are lending their support to a joint picnic to be given by the twenty-sixth district Sunday, June 22, at Flood Picnic Park, Menlo Park.

Chairman of the committee in charge of the outing is First Vice-Commander Phil Blanchard of the post, assisted by First Vice-President Alice Reilly, of the auxiliary.

Planned for the program is a baseball game, with a cash prize for the winning team. Fifteen different races and contests for men, women, and children, are being arranged. There will be prizes for all winners.

The public is invited. Free coffee will be served, but those coming to the picnic are asked to bring their own cups and spoons.

Ladies Home Club Plan Tuesday Whist

Mrs. Fredericka Volkman, chairman, today announced that the Ladies Home club will hold their monthly whist, Tuesday, at the club house on Werner avenue. Time for the card playing has been set for 2 p. m. Assisting with the party arrangements will be Mrs. Catherine Wight.

Both ladies extended a cordial invitation to all card players to attend. At the close of the playing time, cake and coffee will be served.

Buick Seeks Quiet Operation

Drivers today are positive in their demands for quietness of operation and ride, and engineers have paid particular attention to new and more efficient types of insulating materials in the development of sound deadening.

For example, Buick dash mats are a combination of exploded fiber and jute, providing a much better silencing treatment. Buick furthermore is using rock wool for insulating applications for the first time on 1941 models, around the lower half of the shroud. This material not only effectively insulates against sound but likewise is a barrier to heat.

Elsewhere, body insulation is more complete and effective, placed according to scientific determinations of key area.

Special attention is paid to insulating the engine compartment from the rest of the car.

Improved body mountings, engine mountings and complete insulation of all chassis and engine parts from direct contact with the body shell have brought body quietness to a new peak and have relegated squeaks, rumbles and groans to the past.

Buicks are on display locally at the showrooms of Belli Motor company.

The committee announced that the refreshments are included with the score card price.

San Francisco Bethel Honors Mrs. Price

A lovely cosmetic bag, complete with bottles and jars, was presented to Mrs. John H. Price, 211 F street, Colma, Saturday evening, by the members of San Francisco Bethel No. 37, Order of Job's Daughters. The bag was given as a token of their appreciation for all she had done for them during their guardian's illness.

Mrs. Price was escorted to the East by the guide and marshal, and while their the honored queen spoke a few words of appreciation on behalf of the bethel.

Accompanying her Saturday evening were: Mr. and Mrs. C. La-cour, Miss Anne Cameron, Miss Shirley Woltzen, Miss Bernice Andresen, Miss Alice Jorgensen, Miss Eleanor Price, Miss Lillybell Fletcher, Mrs. James Coward, Miss Genevieve Price and Mr. Price.

Mrs. Price is bethel guardian of the local bethel, No. 68.

Classes

SENIOR JINK

"The Old Lady Who Lived in the Shoe," or "There's No Place Like Home," was the melodrama put on for the students of Jefferson, Friday. With 67 members in the cast, all high seniors, the melancholy melodrama showed the trials of a mother with 65 children.

Many amusing episodes arose as Squire De Dumbhead, Clyde McAndres, threatened to foreclose the mortgage on the old shoe, unless Sloppy Sal, Mary Heywood, consented to marry him.

Yes! You guessed it! Archibald Quingle, John Razzari, saves the day by paying off the mortgage, and the villain is foiled again.

Dina D'Elia, class president, did a fine job of reading the story. Bill Clement played Henry Staldrich, and Bob Lee did a splendid job as Walter Twinchill.

John Cacciapaglia played the part of the "Old Lady," and the rest of the senior class took the part of the children.

A scene in a cafe proved quite amusing as eight girls acted as gay '90 dancers.

DRAMATICS

Sigfred Hansen's dramatics class presented a short one-act skit at the water pageant, Thursday evening. The play was entitled "Love at Palm Beach." Taking part were: Roy De Vincenzi, director; Eldred Hahn, leading lady; George Wallace, leading man; Melba Frei, script girl; Howard Vierra, cameraman, and Robert Grimes soundman.

SENIORS

Thursday, June 5, Friday, June 6, and Monday, June 9 are three important days for the graduating seniors to remember. These days have been set aside by the faculty advisor as the time for seniors to turn in their books.

It was announced that refunds will be given out in the office on these three days at the following hours: 8-8:15 a. m., 11:15 a. m., 1 p. m., and 2:15 p. m. to 3:15 p. m. After June 9, no refunds will be given, so don't forget the days and times.

FASHION SHOW

Jefferson's annual fashion show and tea for mothers will be held this afternoon. Miss Elizabeth Jones and Miss Amy Behrens are the teachers in charge of the affair.

Modeling will be done by Miss Jones and Miss Behrens' sewing groups. The fashion show will have its locale in a garden with students modeling beach togs, formal, sport clothes and afternoon dresses.

After the program tea, cakes, sandwiches, and punch will be served by the homemaking classes. Mary Heywood, vice-president of the student body, is in charge of the reception committee.

ELECTION

Yes sir, it doesn't seem quite possible that the time for new officers is almost here. Better hurry and get your thinking caps on, and hand in petitions for whomever you want in office. Tomorrow is the last day to hand in petitions. Petitions have already been received for: Grace Lopresti, vice-president; Tillie Castro, yell-leader; Art McCrystle, judge; Jimmy Parker, sergeant-at-arms.

Campaign speeches will be held, May 27, and the new officers will be installed, June 4.

Sports

GPAL

With just one more game to go in the interclub volleyball tournament the scores stand pretty close. Clubs 3 and 4 played 1 and 2, Wednesday. Coming out the victors of the game were 1 and 2 with a score of 34 to 30.

Playing on the winning team were Platt, Sheridan, Blandini, Wilmoth, Agresti, Godfrey, Hill, and Adams.

Team 3 and 4 was composed of

Putnam, Bleacher, Sikeotis, McCoy, Larson, Compagno and Doe.

SPORTS DAY

A good time was had by all, was the way the GPAL girls summed up their last Saturday sports day. Twenty-four Jefferson girls were represented at the meet.

All together there were over three hundred girls from San Mateo county high schools attending. Hostess of the day, South San Francisco high school, furnished ice cream.

Miss Juanita Young, physical education instructor, said the next meet will be held at Jefferson. "The girls are looking forward to having San Mateo county meet here next Spring," said Miss Young.

BUSINESS MEETING

The G. P. A. L. tri-annual business meeting was held at the Los Gatos high school, yesterday. The girls and physical education instructors met at 4:30 p. m. for a combined business and discussion meeting. After the close of the meeting, girls adjourned to one room, while the teachers went into another so they could discuss different difficulties that arise in their games.

Dinner was served by the guest high school at 6:30 p. m. and a summary of both meetings was given to the combined group.

Campus Fashions

Girls, here's another preview of a few favorite formal for sub-debs.

A quite sophisticated model is a gown with a long torso and draped bodice. It's designed in fetching two-tone material of apple green and smoke gray. To give it real allure, it's fashioned with a detachable floor-length draped scarf, fastened with a simulated ruby clip at the bodice.

Youthful for lower classmen is a young girl's delight of white faille silk. Its simplicity features a youthful peplum square neck and puffed sleeves. Edging the neckline and puff sleeves are bright red flowers and gold leaf embroidery design.

A darling in anyone's language is the gown with a breath of Spain in its fashioning. Effectively styled in tiered black and white lace, with a fitted bodice and draped sleeves, it's a beauty.

This is just a small portion of the many evening dresses now being featured in stores for the "young Miss." Before going on your shopping expedition, look in magazines, read fashion notes and get a general idea what's what in evening styles. When you have a general idea of what you want, then's the time to ask dad for an advance on your allowance.

Whatever you do, don't wait until the week before the ball, because there are hundreds and hundreds of young things on the look-out for their dream dresses. By the end of May the selection will be pretty well picked over.

Friday was "Baby Day" for the high seniors, and this week's campus Miss would have taken first prize in any baby contest. Dressed in a summery blue baby dress, trimmed in rick rack, she was indeed a darling.

I spied her as she came walking down the hall holding a stuffed lamb and eating an all-day sucker. She had a pair of pretty green eyes that snap with life and amusement. Her hair is arranged

in soft curls and she has a beautiful olive complexion.

Her ambition is, upon her graduation in June, to secure a position as a sales girl in some teen-age shop.

In case you haven't guessed this week's "It" girl, she is none other than little Miss Rose Siragusa. A huge bouquet of orchids goes to you, Rose.

Music

Members of the chorus, under the direction of Oscar Busch,

of "The American's Creed" and the "Preamble." Patriotic songs were sung in unison by the three grades.

David McCahon portrayed the part of Francis Scott Key and sang the Star Spangled Banner with Albert Lagomarsino.

Mary Jauch, Thomas Tromborg, Leonora Bertolotti and Angelo Crairotto gave recitations on patriotism. Verna Moresco read a number of selections from compositions, written by students.

At the close of the program, Dolores Crane read "I Am An American," a poem written by her. The poem read as follows:

"I Am An American"

I am an American, and proud to bear that name, In every part of the Country, the people feel the same. Americans, in any case, will always do their part, And their love for America is rooted in their hearts. Whether English, French or Irish, you're welcome in our land, There is always some one waiting, to help with outstretched hand. America, I honor you, and want to keep you free. I Am An American, and know I'll always be.

Take care of these servants when you plan your Home

Count up the many electrical devices you use in your home. Each year you have added one or more because modern living demands their handy, economical service. Then you begin to discover "traffic jams" develop in the wiring system in your house. It is a common condition in thousands of homes. These "traffic jams" at convenience outlets choke down the full flow of electric power so that appliances work slower due to the lower voltage.

Make sure the new home you plan to build or buy has wiring that will be adequate to take care of your electric servants and permit them to operate at full voltage and greatest economy.

Remember this—the difference between "skimpy" or "cheap" wiring and certified adequate wiring in the average home is very little.

JEFFERSON DEFEATS BURLINGAME 8-5

Defeating the Burlingame Panthers 8-5 in Friday's game put Jefferson Union high school's Indians in the running for one of the first three places in the league. Standings now are—Jefferson and South San Francisco tied for second place and San Jose in line for first.

Real batting test will come next week when the first four highest teams in the league meet for a Shaunessy playoff to determine the champions. Jefferson has a fairly good chance. Only upset in their league games was the defeat with the San Jose nine a week ago Friday.

After letting the Panthers lead in six innings, the Indians really went to work. First help to victory came when LeKoff made a hit and brought in two runs. This tied the score.

Poddig then stepped to the plate with the bases loaded, and won the ball game with a long home run to center field. The hit scored four runs, making the final standings 8-5.

Playing for the local ball team were: Valente, third base; Huerta, catcher; Christian, left field; LeKoff, first base; Sharp, short stop; Nava, center field; Poddig, pitcher; Bertini, right field; and Razari, second base.

FROSH-SOPH

Playing the undefeated Sequoia baseball nine on Jefferson's diamond, Friday, the local little men proved a downfall for Sequoia's

reputation. The frosh-soph team captured the winning end of a 7-5 score.

Winning of Friday's game placed the boys in line for a possible second place in the Frosh-Soph league.

Playing in the last league game of the term were: Chreisten, short stop; Dawe, center field; Freeman, pitcher; Tuvo, catcher; Wright, first base; Fazio, left field; Petersen, right field; and Aiello, second base.

of Hilltop Lodge, with 179. To Warren goes a trophy; to Linhares a medal. Winner of the trophy for high single game is Kennedy, of Alert Van, who bowled 266 his first game of the tourney.

A medal goes to Linhares for the second highest single game—256.

High series for women was made by Lena Gamba, of the only girls' team, Central Creamery. She bowled 142. Second highest series for women went to Von Anderson—139. Miss Gamba gets a trophy; Miss Anderson gets a medal.

Last week Jew Town took two out of three from Hammar's Station; D. C. Photo beat Central Creamery 2-1. Mission Bell defeated Alert Van 2-1, and Hilltop Lodge overcame Bank of America 2-1.

Final standings of the bowling tournament are as follows:

Recreation Meet

Two vital topics in recreation will be under discussion at the second annual county-wide meeting of recreation committee members at Redwood City, May 27.

According to an announcement by Bruce Boynton, Daly City WPA Recreation director, discussion will center around "Ordinances

Plan To Form Pigeon Racing Club

A pigeon racing club may soon be formed in Daly City, according to William Matthew, local pigeon fancier, 445 Niantic street. Everyone interested in pigeon racing is asked to telephone Matthew, Delaware 7185.

Matthew reports that the first annual combine pigeon race was flown from Reno, Nevada, Sunday. Three clubs, San Francisco, West End, and Cal, participated. Two hundred and ten birds were flown.

A record very close to a mile a minute won the race for James Doolittle, of Redwood City. Pete Henderson, of Vendome street, took second place. Doolittle's bird flew 1514.41 yards a minute, or between 50 and 60 miles an hour.

Next Sunday's race is from Fernely, Nevada.

Start Arrangements For Summer Camp

sponsored the trip for the past two years.

Last summer J. W. Marchbank and the Daly City Record sponsored a children's welfare program whereby 69 local boys and girls earned their summer camp expenses by participating in a city beautifying campaign. For planting lawns or gardens around their own homes, Mr. Marchbank paid all their expenses at the WPA Big Basin Summer Camp.

The executive committee expressed their willingness to cooperate. A vote of the post members will soon be taken to ascertain whether they will co-sponsor the Summer Camp again this year.

The camp will open July 14, and will remain open during July and August. It will be at Big Basin. Boys and girls from the entire WPA Fifth district—San Luis Obispo to Daly City—will attend the camp. Last year approximately eighty young campers from Daly City took the trip.

The girls' camp will be started first, to be followed by the boys'. Activities will include camping, hiking, fishing, woodcraft—everything that's fun out-of-doors. Financial sponsor of this year's camp will be the city of Santa Cruz.

and Legislation in the County", and "Necessary Recreation Budgets."

The leader of the first discussion will be Ralph McClinton, of the Burlingame Recreation committee; and of the second, Donald Bogie, of the Redwood City Recreation commission.

Boynton and several members of the Daly City Recreation committee will be present at the meeting, which will be held at the city hall in Redwood City.

COLMA MERCHANTS LOSE CLOSE GAME

In a fast close game the Ocean Avenue Merchants defeated the Colma Merchants 5-4 at the Jefferson Union high school diamond, Sunday.

The Ocean View team scored the winning run in the eighth inning. Biggest hitter of the day was Massini, of the Colma Merchants, who manufactured three hits.

Batteries for Colma were Gianni and Massoni, and for Ocean Avenue, Vitt and McAuffile.

The second game played Sunday saw Frank Newman Furniture company, of San Francisco, beat the Bear Photo team, also from the big town, 7-3.

Each team made eight hits. Batteries for Bear Photo were Coroneel and Boehle, and for Newman, Stevenson and Moran. The games were under the supervision of the Daly City WPA Recreation department.

Low Death Rate

The census bureau notes that the Netherlands had the lowest death rate of any country in the world—until the German invasion. The rate was 8.7 deaths to each 1,000 population. This compared with 11.5 for the United States in 1936.

Perpetual Help Wins League Game

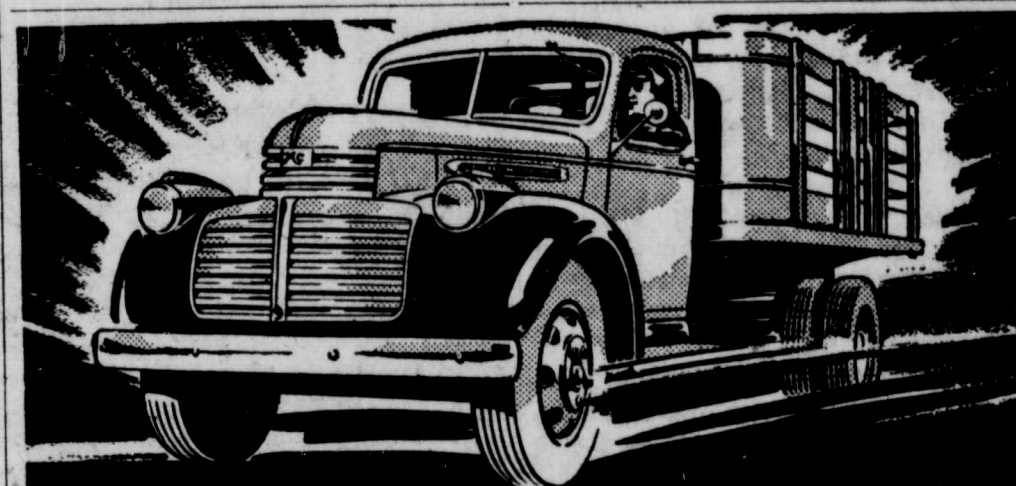

Holding his opponents to one hit, Bob Rode pitched Perpetual Help to a victory over St. Cecilia 4-1 at Vista Grande field, Saturday. It was Perpetual Help's first game in the C. Y. O. League.

Rode collected three for three at the plate. His team made eight hits altogether, two in the first inning, four in the third, and two in the fifth. St. Cecilia produced their hit and run in the first inning.
